

Environmental Institute

Green Award

Environmental Sustainability: *An approach to social and economic activities which addresses the human and ecosystem needs of the present and is compatible with the ability of future generations and ecosystems to meet their needs.*

- ❑ **Purpose:** In an effort to recognize and promote environmentally sustainable behavior in Oklahoma, the Environmental Institute at Oklahoma State University has established the Green Award.
- ❑ **Eligibility:** The award will be given to any private sector organization or individual in Oklahoma that can shown to have undertaken or encouraged environmentally sustainable behavior during the previous year and can serve as a model and inspiration to others.
- ❑ **Award:** The award winner will be invited as a guest to the annual Environmental Institute Awards Banquet, scheduled for April 23rd, 2003 and will receive a plaque and the establishment \$1000 scholarship in their name for an Environmental Science graduate student at Oklahoma State University.
- ❑ **Nomination:** Nominations should include:
 - Name of Individual or Organization
 - Contact Person (if organization)
 - Address
 - Phone
 - Email
 - Description of activities or efforts and their results that demonstrate environmental sustainability. This could include pictures or other information if appropriate.
- ❑ **Deadline:** Please submit nominations by **January 10, 2003**.
- ❑ **Send to:**
