

Obtaining Reports for FSA Compliance Reviews

Access the Website

Access the FSA Compliance Reviews from the Accountability Tab of my.nrcs or go directly to the following URL: <http://ias.sc.egov.usda.gov/auth/csr/>
Go to the Reports Menu

Set Browser Settings

Check the following setting on your web browser to enable proper formatting on the printed reports. 1. Go to the Tools menu. 2. Go to the Internet Options menu item. 3. Select the advanced tab. 4. Scroll down to the printing section. 5. A Check should be in the Print background colors and images option. This setting prints the proper shading on the reports to show sections of the reports.

Explanation of the Reports

Compliance Record Report - Provides a hardcopy of review results and contains the same information as the CPA-18 form. Should be used to document the review and placed in an office file for the farm if needed for your office.

Comments:		Time Spent (hr.)	2.00
Last Modified By:	Alan Ray Messenger	Last Modified Date:	03/15/2004

NOTE: The following three reports need to be printed in landscape mode so after the report shows on screen, select File, Page Setup, and choose landscape. Then it will print properly.

Completed Tracts Detailed by County - Prints a one line summary of compliance review that shows location, hours, acres, category, determination code, and wetlands present (yes/no). This report can be selected for one county or all counties in the State. The completed report prints all tracts that have the compliance determination field completed.

Incomplete Tracts Detailed by County - Same fields as the completed report and this report only prints tract records where the compliance determination field is blank.

Tract Status Report - Prints a count of tracts that are in the status categories of new, incomplete, and complete. This report can be run for one county or for all counties in a State.
